Hardness Tester
The easiest way to check material hardness

This innovative file set provides a quick, inexpensive and simple way to check material hardness. No need to bring the material to be tested over to a hardness testing machine: Just bring this file set (6 files from 40 to 65 HRC) to the piece and test it.

A must for every mechanical workshop / maintenance works to :

- Know quickly what is the hardness of a broken part on a machine, to reproduce the part with the good hardness and properties

- Before cutting, avoid damages on saws trying to cut too hard materials
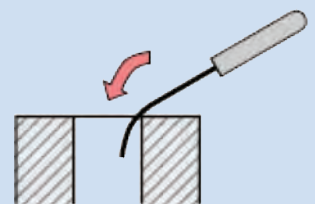

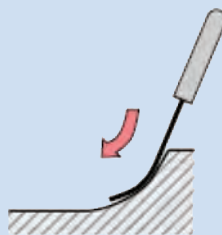

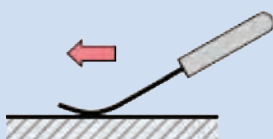

- Qualify hardness after heat treatment

Bulk (6 pcs) with unique hardness available :

Color	File hardness
Red	40 HRC
Yellow	45 HRC
Light green	50 HRC
Green	55 HRC
Blue	60 HRC
Black	65 HRC

Dimensions :
L = 7" / 175 mm   A = 4.3 mm

- The hardness test is applicable for flat surface, curving surface and inner-edge surfaces

6 pcs set in a plastic box
