The one and only Swiss Made Files

Dear Sir,

Usines Métallurgiques de Vallorbe SA is the only Swiss manufacturer of files and rasps. The company was born from the merging of three family businesses (Grobet, Borloz and Glardon) in the very heart of the Jura Mountains

Our products are commercialized worldwide through a distribution network under mainly two brands: GLARDON VALLORBE for Premium products and VALLORBE SWISS for Classic and Saver products.

Until recently, we distributed our products **in the USA** through Grobet File Company Of America Inc and under the brand GROBET SWISS. Since the 31st of January, 2015, this company is no longer an Authorized Distributor of our products. We have now established a new network of distributors in the USA with new partners.

If you want to get the one and only Swiss Made files you knew for many years as GROBET SWISS, contact either Ikohe Inc. and Otto Frei or our Sales Office in Vallorbe. Please see the contact details on the attached advertisement.

If you have any questions or wish to discuss anything with us, please feel free to contact us.

Sincerely yours,

USINES METALLURGIQUES DE VALLORBE SA
